

The finest in Security Screens
for your windows and doors

SCRENGUARD™

STAINLESS STEEL MESH SECURITY SYSTEM

CORROSION RESISTANT - 316 MARINE GRADE STAINLESS STEEL MESH

SCRENGUARD® range offers:

- Hinged Door
- Sliding Door
- Multi-Fold Door
- Fixed Window
- Fire Escape Window System

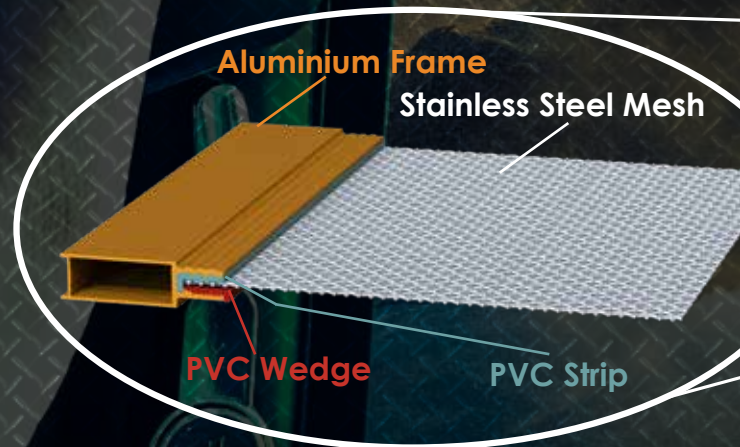

“ACCESS” FIRE ESCAPE WINDOW SYSTEM

ACCESS fire exit systems are integrated with the SCRENGUARD® system for quick and easy escape in case of a house fire or other emergency.

A simple and fast latching system enables you to only open from the inside.

SCRENGUARD®'s patented 3 point internal rib design provides additional resistance against mesh removal by an intruder

SCRENGUARD® DESIGN HELPING TO KEEP YOUR FAMILY SAFE

SCRENGUARD® PRODUCT TESTING

Testing: SCRENGUARD® patented products have been tested and surpassed the latest rigid Australian Standards.

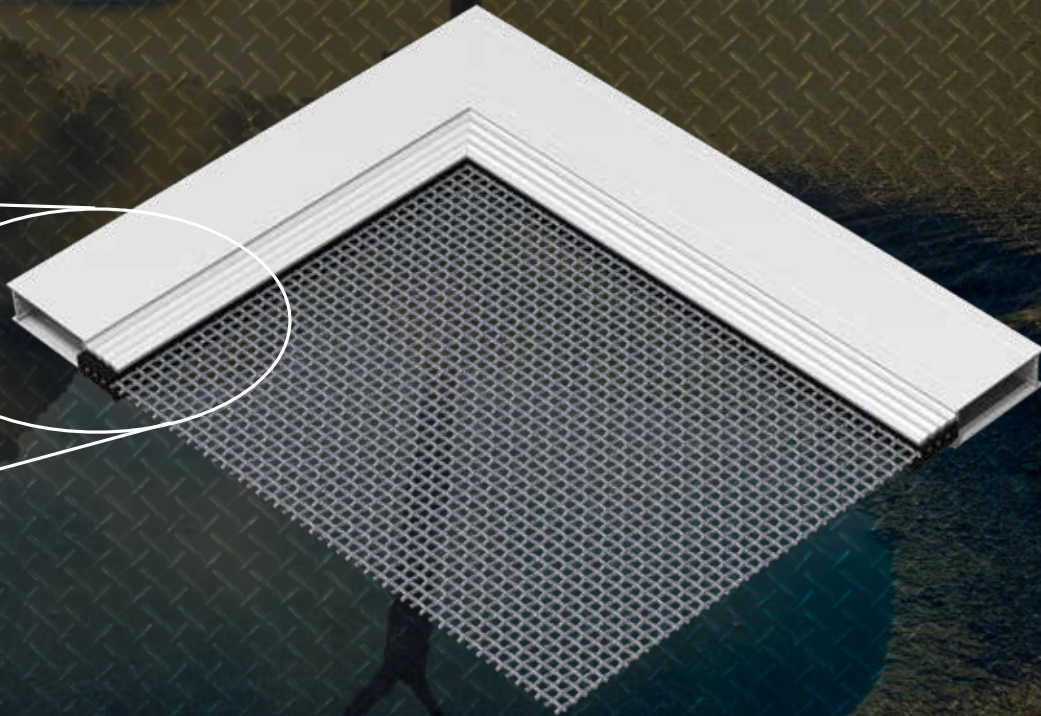

Method of Testing:

AS5039/5041: These tests are designed to stimulate an intense attack using force to gain entry;

- Dynamic Impact Test
- Anti-Jemmy Test
- Knife Shear Test
- Pull Test
- Probe Test

AS1530.4-2005: Australian Standards bush fire tested SCRENGUARD® screens have undergone testing to ensure quality performance under the duress of fire.

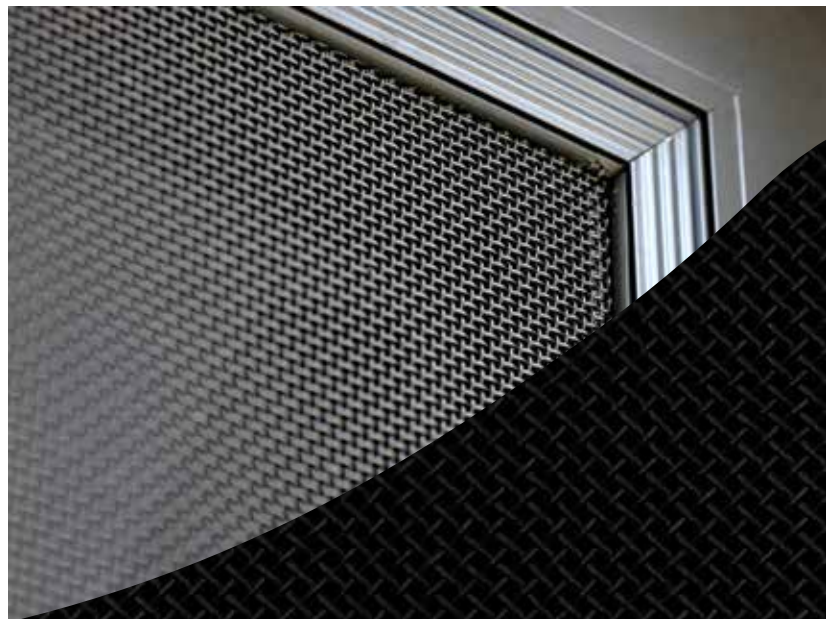

SCRENGUARD® bush fire rated screens use specifically developed fire retardant PVC seats and wedges. Stainless steel mesh complies with bushfire ember resistance regulations.

WARRANTY

SCRENGUARD® product warranty is for 10 years from the date of product installation (conditions apply). The warranty extends to the original purchaser providing that product care and maintenance recommendations along with warranty conditions have been complied with during the period
